

# NEW PLACE

<p>I</p> <p>Riding down through the hills All I need is a road</p> <p>So many clouds over me I feel my life getting (c)old</p> <p>II</p> <p>What do I wanna give To ease up my soul</p> <p>What do I wanna breathe To lighten my thoughts</p> <p><b>Where to go from now Before going down Need a turnaround</b></p> <p>III</p> <p>Where do I wanna live What should I have to hope</p> <p>Just a little moment of peace Or maybe someone to hold</p> <p><b>Where to go from now Before going down I need to settle down</b></p>	<p><u>Bridge</u></p> <p><i>Close your eyes when you follow me There's place that you need to see</i></p> <p><i>There's a place that you have to see A time in life just for you and me</i></p> <p><i>A new place for us A new place for love</i></p> <p>III</p> <p>Riding up through the hills Now that I found the road</p> <p>Bright blue sky over me I feel your love all around</p> <p><b>Where do we go from now Never going down You're my turnaround</b></p>
